Rosceli

GLUTEN FREE RINGS WITH CREAM FLAVOUR
 Enriched with Iron and Vitamins

DESCRIPTION

ROSCOLI is a product made specially for those people who need give up of gluten in their diet. The coeliac's diet, like the diet of any healthy person must be sufficient, balanced and varied. To avoid the possible deficiencies due to the restrictions in gluten free foods, we have enriched this product with iron and vitamins B1, B2, B6 and niacin, in quantities which can be ingested easily for getting the complement wished. ROSCELI has been made with CEREALS WHICH PER NATURE ARE GLUTEN FREE (corn, rice and soya), giving complex carbohydrates to the diet, which are recommended in Human Nutrition. Likewise, it has been used a 100% VEGETABLE EDIBLE FAT (soya and sunflower) and OLIVE OIL which gives essential fatty acids to the diet. The PROTEINS come from the flours of the cereals used and the egg white, which gives a total protein with a high biological value. All these characteristics make ROSCELI suitable for the coeliac's feeding and also give to his diet a great quantity of essential nutrients for his correct nutrition.
